

**WORKSHOP
WEDNESDAY!**

THE IRON CHICKEN

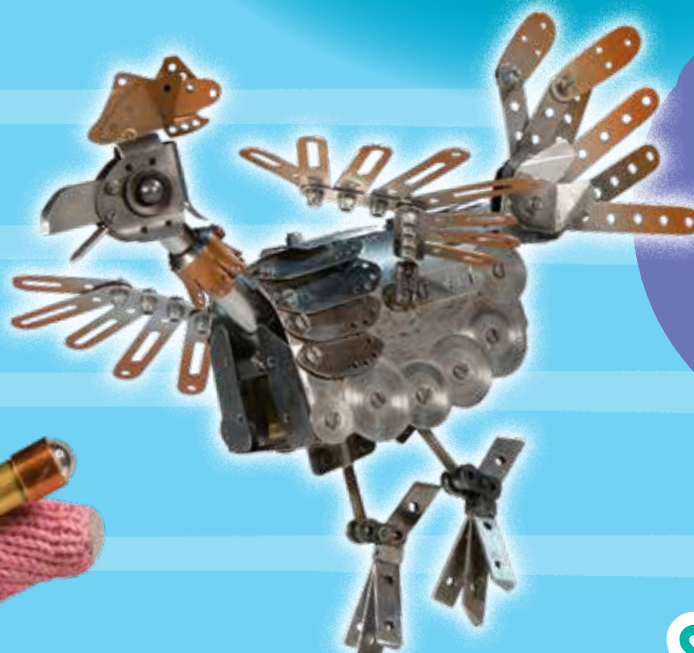

YOU WILL NEED:

- safe scissors
- safe glue
- cardboard tube
- foil
- a grown-up to help

1 Cover a cardboard tube with foil. Cut out the Iron Chicken's head, wings, feet and tail.

2 Stick the Iron Chicken's head, wings, feet and tail onto the tube.

3 Now cut out Tiny and Small, and visit the Iron Chicken in the music boat! You could make a nest out of recycled cartons and boxes (make sure they're clean!)

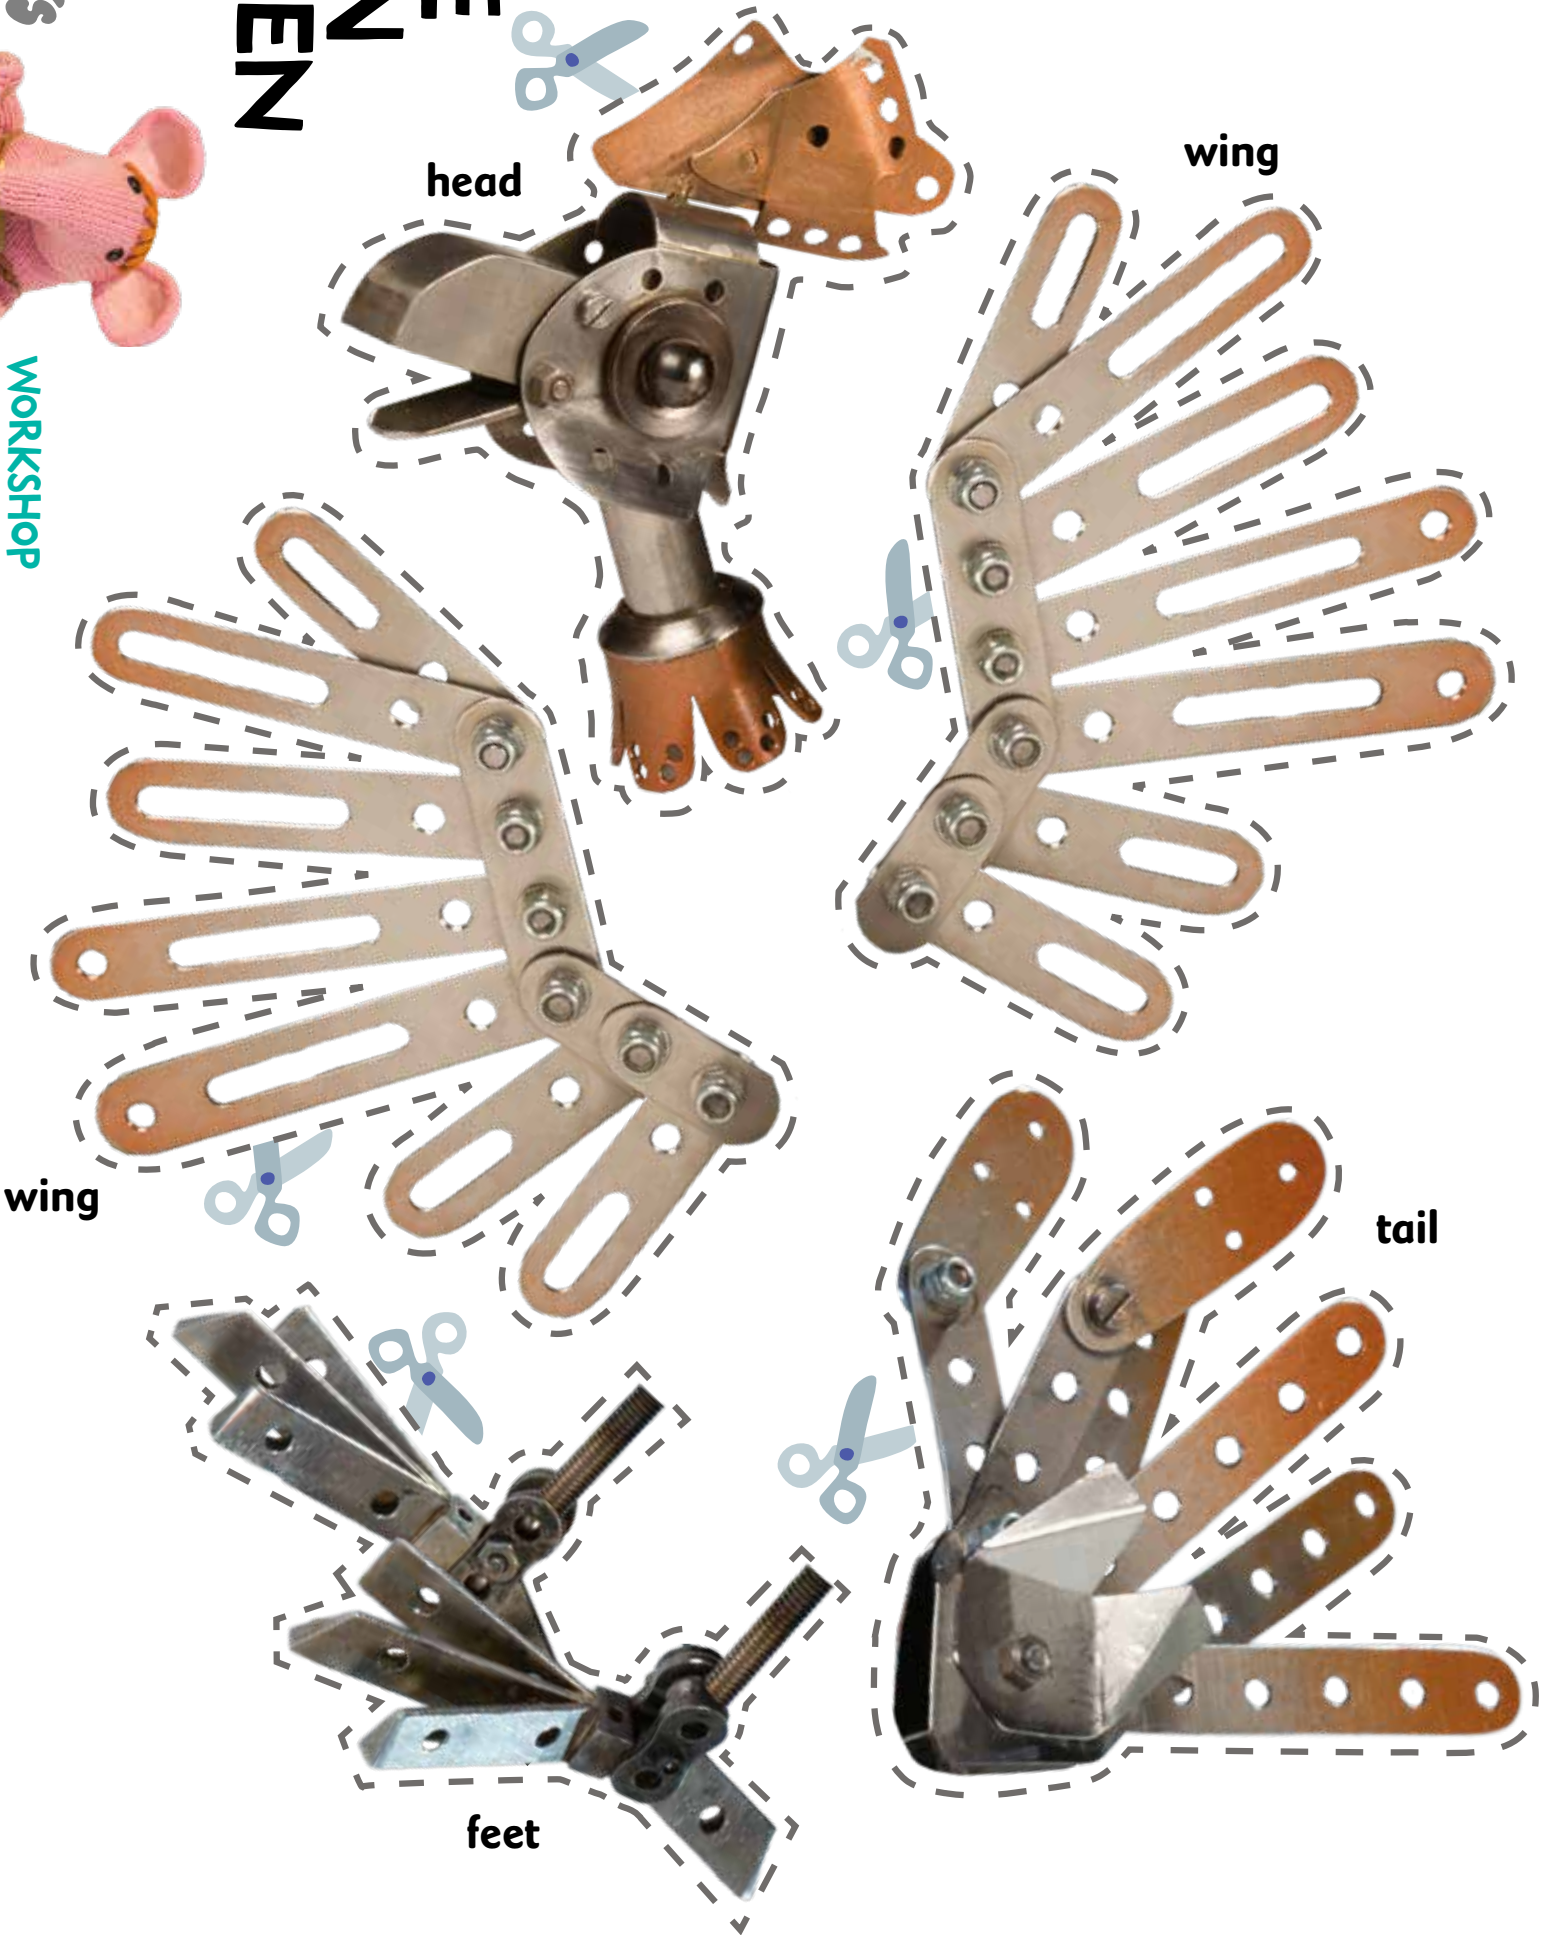

**SAVE PAPER!
JUST PRINT
PAGE 2 & 3**
